

2014-15 LIONS INTERNATIONAL YOUTH CAMP & EXCHANGE DIRECTORY

115 camps in 40 countries

213 chairperson details from 52 countries

Information received as of **April 24, 2015**

► Updates are generally posted to this directory once per month. ◀

General directions regarding the application process for camps and exchanges are listed below. **Please note that this directory only provides general information. Additional eligibility requirements may apply and are determined by the Lions district or multiple district hosting the camp or exchange, not by Lions Clubs International (LCI) headquarters.**

Costs to participate in a camp and/or exchange, including travel expenses, are the responsibility of the sponsor Lions club, the host Lions club, the participant, the participant's family, or a combination of these sources. When reviewing the listings, please note that it is not necessary to travel to another country to participate in a camp or exchange; you can also apply for camps and exchanges within your own country. In addition, when applying for a camp, it is highly recommended that you apply for only one camp at a time. Applying for more than one camp at the same time often creates confusion and also limits the spaces available to other young people. As such, you are encouraged to submit an application to another camp only after you have received notice from your first camp choice that you have not been accepted into that same camp.

For more information about the Lions International Youth Camp and Exchange Program, please visit the [LCI website](#).

FOR CAMP & EXCHANGE

To apply to attend a camp (which also includes a host family stay):

1. For eligibility and application requirements, contact the Youth Camp and Exchange Chairperson listed for the district or the multiple district program under consideration. A [standard application](#) (YCE 1401) is available on the Lions Clubs International (LCI) website. However, please note that many districts require the submission of an application specific to their camp or exchange program, so it is best to contact the Youth Camp and Exchange Chairperson first.
2. After the application is completed, contact your local Lions club for sponsorship and to obtain the required signatures, including those of the Lions club president and the local Youth Camp and Exchange Chairperson, if applicable.
3. After signatures are obtained, forward the application to the Youth Camp and Exchange Chairperson in the district or multiple district where the camp will be offered.
4. Applicants selected to attend a camp will receive a confirmation letter and information packet, typically from the Youth Camp and Exchange Chairperson.

FOR EXCHANGE ONLY

To apply for a host family stay (no camp attendance):

1. To obtain sponsorship, contact your local Lions club or one of the district/multiple district Youth Camp and Exchange Chairpersons listed in this directory. If you're not familiar with your local Lions club, use the ["Find a Club"](#) feature on the Lions Clubs International (LCI) website.
2. Complete an application. A [sample application](#) (YCE 1401) may be obtained from the LCI website. However, please note that many districts/multiple districts require their own application.
3. Once sponsorship and signatures are obtained, the application should be sent to the Youth Camp and Exchange Chairperson in the area where the exchange will be offered. He/she will then review the application, and if approved, work on locating a host family for the exchange.

YOUTH CAMP AND EXCHANGE CHAIRPERSONS

YCE Chairpersons - Please Note: If you are listed as a district or multiple district YCE chairperson in this directory, it is likely that you will receive a number of communications from other YCE chairpersons, or potential participants in your district's or multiple district's YCE Program. As stated in Chapter XXIII of the LCI Board Policy Manual, good communications are absolutely vital to operations of the Youth Camp and Exchange Program. It is the obligation of all participants to keep all concerned parties informed and to respond promptly to every communication of any type. The sender must be informed promptly, whether the answer is favorable or not, or to be decided at a later date. We appreciate your attention to this vital component of serving as a YCE chairperson. Thanks to all of you for the work you do on behalf of youth around the world!
